History Of Fintech

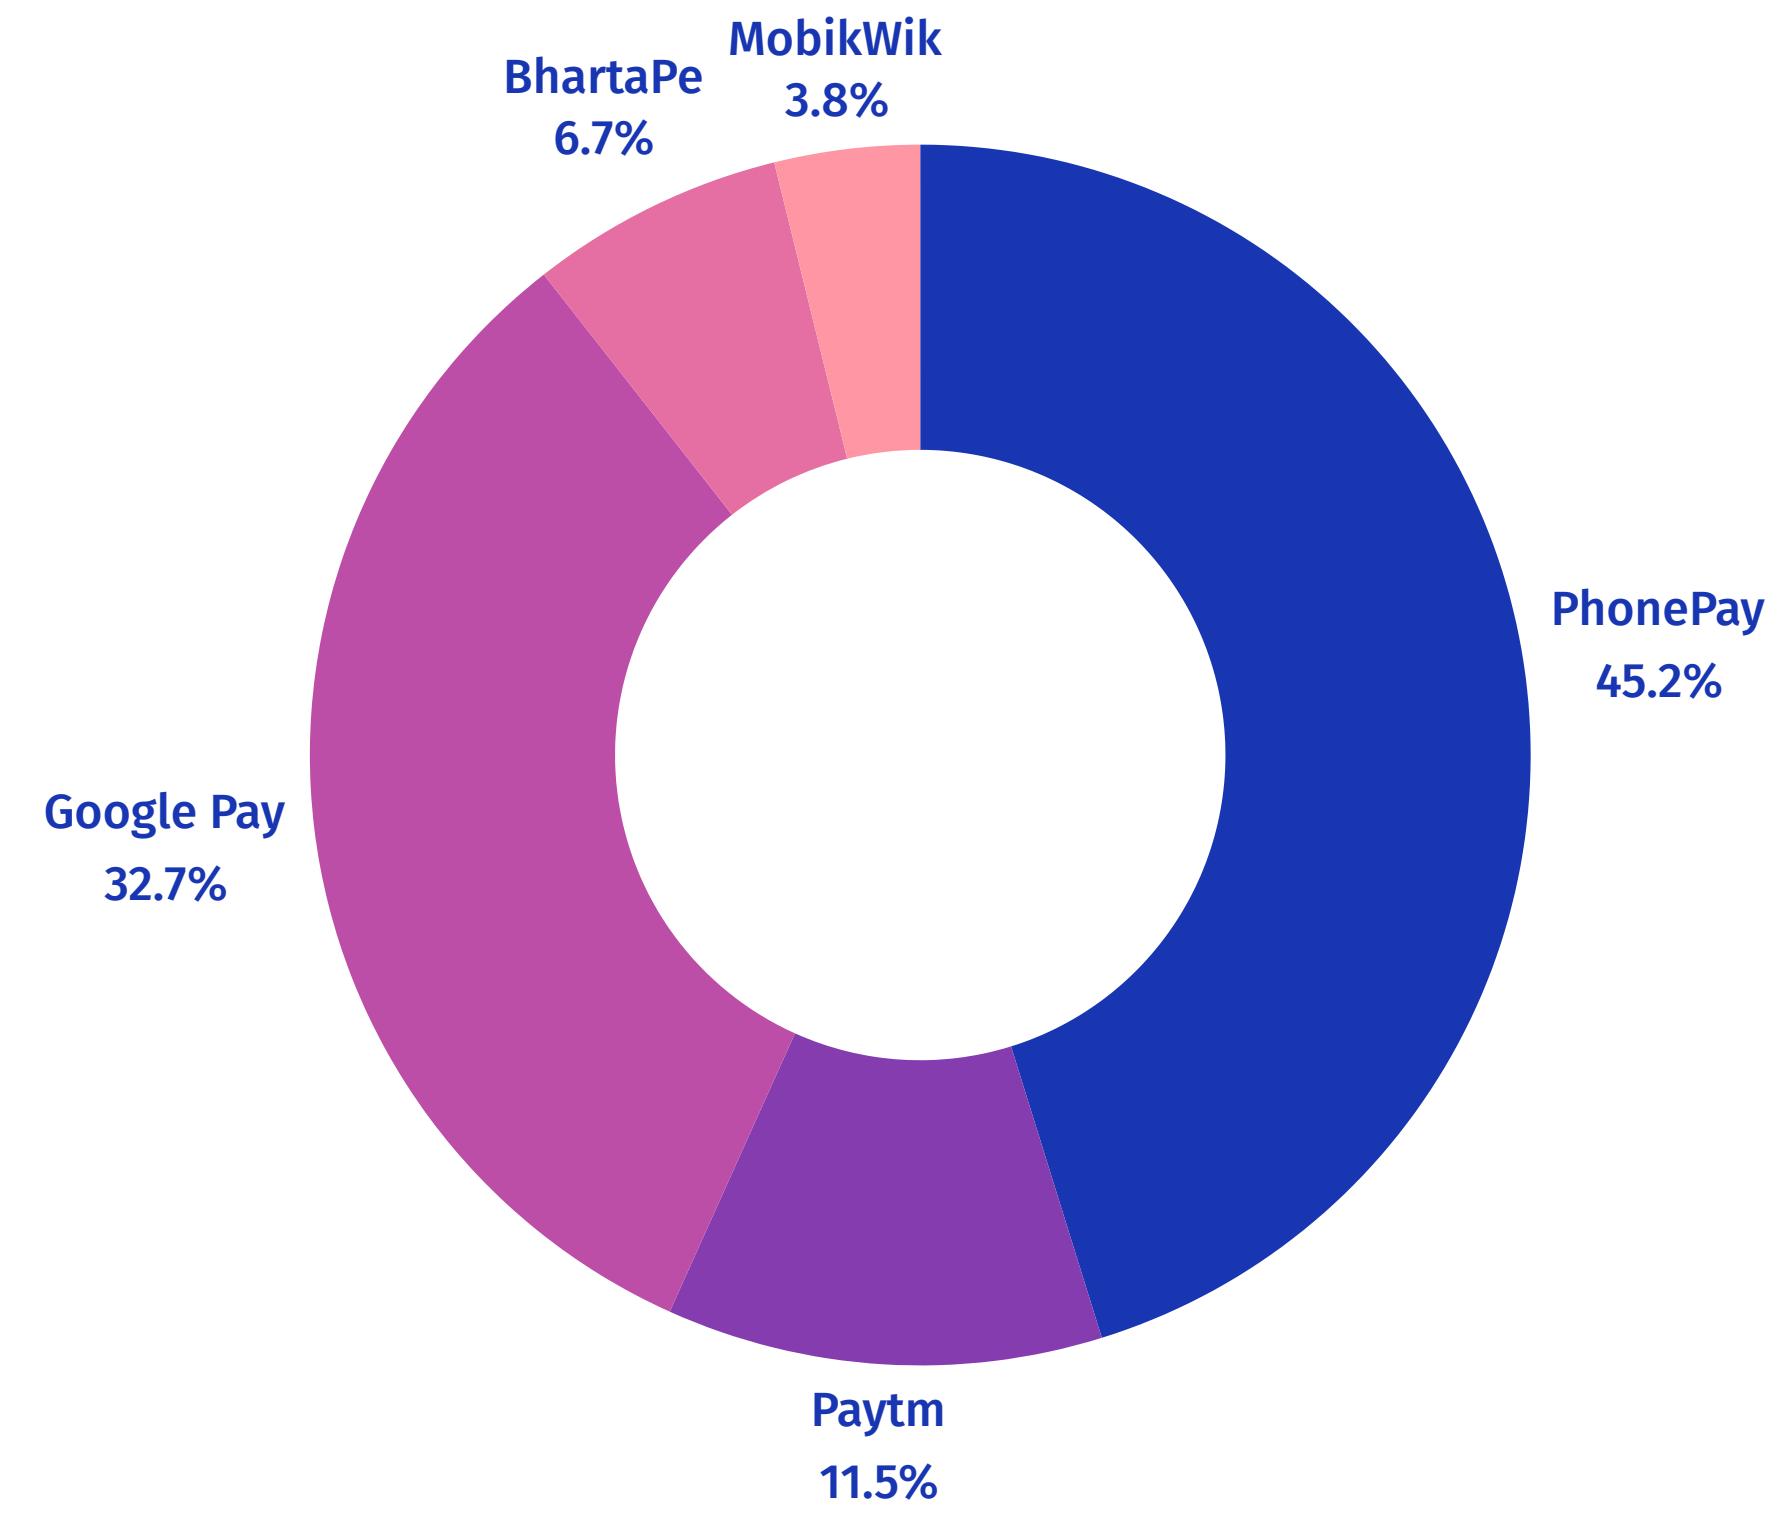

The demographic of Fintech In India & Global

- India is one of the leading countries in the digitalisation of banks & Digital Payments.
- WHAT HOW?????
- All due to demonetization in India, many companies established them in India as Fintech like Kotak, American Express, PhonePay, PayTM and finally Google
- But why PayPal isn't in the list ? PayPal already leading globalLy in Fintech Market Cap, PayPal unique feature like global transfer makes it unique & more useful, PayPal lacks at many other updates like QR Reading, Multilingual & many more.

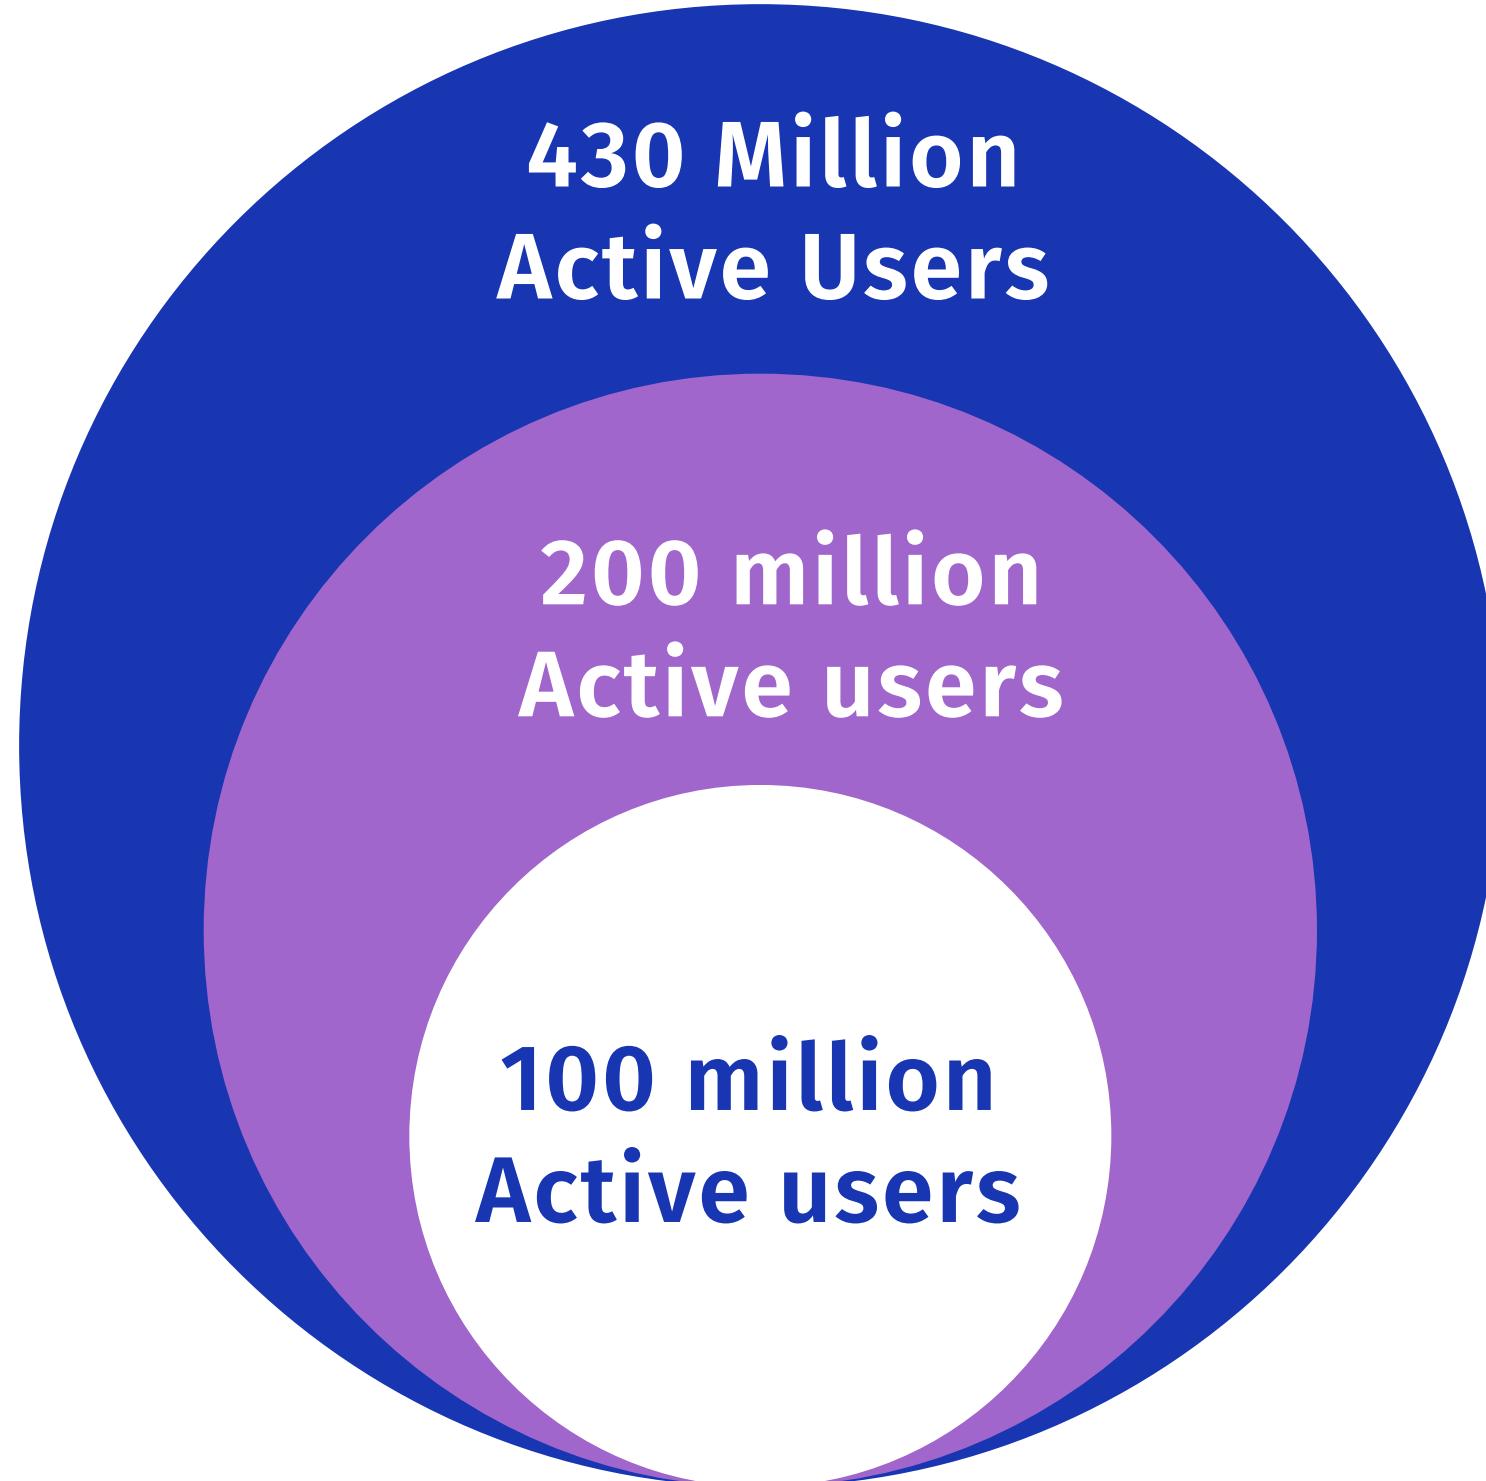

Market Share in INDIA

The Indian FinTech market was valued at 50 Billion in 2021 & is expected to grow to 50 billion in 2021 and is expected to growth 150 billion by 2025 (Source: BCG and FICCI Report).
